Dated Bangalore 18th June 1936.

CIRCULAR.

From the periodical reports on the collection of municipal taxes in the several districts, it is observed that there are heavy arrears in many of the Town and Minor Municipalities. Some of the arrears are very old and the fact that they have been outstanding for years shows that no systematic measures have been adopted for collecting them. The Presidents who are mostly officials, should realize their responsibility for the efficiency of collection work in their respective municipalities and should not consider that this responsibility is in any way minimised by delegating collection work, as is sometimes done, to non-official Vice-Presidents. If the latter are slack or negligent, it is the duty of the Presidents to intervene in time and take such measures as would ensure the prompt and systematic collection of taxes.

The Deputy Commissioners are requested to note in the **secret** confidential reports on the work of Assistant Commissioners and Sheristars, who are ex-officio Presidents of Municipalities how far the latter have satisfactorily attended to their duties in the matter of collecting municipal taxes and in the discharge of their municipal duties generally.
